

By sending your child to camp at Camp Merz or attending camp events, you acknowledge that you are assuming the risk of your child contracting or carrying COVID-19 or any other communicable or contagious disease.

Camp Merz has put CDC and New York State recommended protocols in place to ensure your child's safety to the best of their ability. However, Camp Merz cannot control what families and children do outside of camp.

If your child contracts COVID-19, you acknowledge that you accepted that risk when you decided to send him or her to camp and will not hold Camp Merz or the Allegheny Highlands Council responsible.

By signing this document, you agree that anyone attending will act responsibly by wearing a face covering, social distancing, and frequent hand washing.

Please be sure everyone brings a face covering and a personal supply of hand sanitizer and uses it regularly.

Please check each attendee's temperature prior to attending. Do not attend if a temperature is over 100.4. Signing below acknowledges you checked, and it was within below 100.4.
